API Integration

PROFILE

Dedicated and efficient Full-Stack Web Developer with extensive experience in designing and implementing robust, scalable web applications. Proficient in both front-end and back-end development, with a strong focus on creating intuitive admin panels and optimizing system performance. Skilled in collaborating with cross-functional teams to deliver user-friendly and developer-friendly applications.

WORK EXPERIENCE

Mindspace Coworking Hub   August 2024
IT Head

- Designed and developed a comprehensive system to manage guest and member check-ins and check-outs, with automatic cost calculation based on time spent.
- Implemented features to track staff attendance and monitor sales performance, providing valuable insights to enhance operational efficiency.

OFiber Communications Inc.   September 2023
Full-Stack Developer

- Developed and maintained a comprehensive billing system backend using the Laravel framework, ensuring seamless integration with front-end functionalities.
- Optimized system performance and implemented secure, scalable solutions for efficient customer billing and management.

The Great Discovery   December 2022
Junior Full-Stack Developer

- Collaborated with senior developers to troubleshoot issues, implement new features, and optimize website performance.

Axend Solutions   February 2022
Junior Web Developer

- Assisted in the development and maintenance of responsive websites using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and seamless user experiences.
